PERSONAL PROJECTS

Online Shopping Web Application

Ajay Kumar Garg Engineering College

Description

- Online Shopping Web Application, built using Node.js, Express.js, HTML, CSS, JavaScript, and MongoDB, offers a user-friendly shopping experience where user can add their items in cart, see there added items and many more. It features a diverse product catalog and an admin panel for efficient management.

Task Manager

Ajay Kumar Garg Engineering College

Description

- The "Task Manager" application enables users to manage daily tasks, to effortlessly add, update, mark tasks as done, and delete them. With CRUD operations, it stores tasks in MongoDB, using Express.js for backend logic, Node.js for server-side operations, offering practice in API development and database integration.

POSITION OF RESPONSIBILITY

Active member, Renaissance society of AKGEC, Ghaziabad

Actively engages in community service by organizing blood donation campaigns within nearby colleges. Furthermore, they contribute to the enrichment of cultural experiences by spearheading events like "DISHA KIRAN"
